ABOUT THE EVENT

Ongoing transformation within the Australian Public Service has created a greater need for effective leadership performance across all levels. Public Sector leaders are now required to undertake work of a more complex nature, operating in an autonomous and strategic manner. Emerging leaders eager to take their career to the next level must be equipped with the tools and strategies to achieve success. This is particularly true at the APS 5-6 banded level, which requires strategic awareness and effective engagement with senior leadership.

Aimed at APS 5-6 level officers and management, this two-day workshop will provide an opportunity to advance core skills and explore the emerging leadership capabilities for effective APS 5-6 level management. It will explore the core attributes for successful leadership within the Australian Public Service. It will also delve into the practical strategies relating to leading productive teams, improving decision-making and developing key skills of stakeholder engagement. These areas are of increasing importance for APS 5-6 level management leaders to perform at a higher level and to reach their full potential.

This interactive workshop will provide you with a unique professional development opportunity to enhance and refine a solid toolkit. It is ideal for career-driven individuals who aim to unlock their potential and advance their career within the Australian Public Service.
