## ABOUT THE EVENT

Navigating this constantly evolving and challenging environment, while adjusting to the new world of work, requires leaders who not only possess a keen insight into the internal and external challenges facing the sector, but also a clear understanding of themselves and the impact they have within their team and the broad organisation. Responsive and adaptable leadership is critical when navigating this change successfully. Leaders who are responsible for this must be strategic, influential, and take responsibility for highly complex projects.

Aimed at existing and emerging AO 7-8 women leaders, this two-day workshop will deliver the essential toolkit for success. Senior leaders in this environment must display reflective thinking, self-awareness, planning and strategy, but also the confidence and courage to put themselves forward for new opportunities. You will walk away with the tools and practical knowledge to build confidence in your leadership abilities and to best position yourself for career advancement in the QLD Public Sector.
