LUNCH 1:00 - 2:00

CRITICAL CONVERSATIONS EXPERT COMMENTARY 2:00 - 2:50

Research shows that organisations save one work day and \$1,500 for every crucial conversation they have rather than avoid. And yet, we shy away from them. Why? Because usually they are needed when the stakes are high, emotions run strong and the impact could have a devastating effect on your career or life. How do you then create a culture where colleagues can speak openly with each other, change direction more quickly and get better results? By making sure they have the skills to do so...safely.

In this session, you will get the opportunity to assess your unique strengths, develop a compelling personal brand, and ensure that others recognise the powerful contribution you can make.
